EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Specification:

Insert the following statement at page 1 after the title:

--The present application is a divisional application of U. S. Patent Application No. 09/038,154, filed March 11, 1998, now U. S. Patent No. 6,323,218--.

The following is an examiner's statement of reasons for allowance:

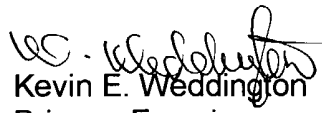

The present application is allowable because the 35 USC 101 double patenting rejection is moot since the present application is a divisional of the parent application that resulted in the patent, and the present application was filed as a result of a restriction requirement in the parent application. This prohibition is clearly set forth in 35 U.S.C. § 121 and is discussed in M.P.E.P § 804.01.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kevin E. Weddington whose telephone number is (571) 272-0587. The examiner can normally be reached on 11:00 am-7:30 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Christopher Low can be reached on (571) 272-0953. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
